INNOVATOR STAGE PROGRAM

Powered by Swisscom

OCTOBER 3. - 4. | STAGEONE OERLIKON

THURSDAY	FRIDAY
The Next Frontier in AI-Powered Industrial Anomaly Detection Christian Henning, Product Owner at EthonAI	**AI+Earth Impact Hour** Hosted by Flavio Rump, Entrepreneur in Residence for AI in Sustainability at ETH AI Center UpCircle - Unlocking the value of waste with AI Irmos Technologies - Revolutionizing Infrastructure with AI-Powered Monitoring
Trust by Design: Building Reliable AI where Trust is Crucial Simon Raess, CEO at Ginetta Luca Fábián, Co-Founder & CEO at Jurata	**Panel - AI Startup Playbook: Dos and Don'ts for Founders** Damian Janzi, Investment Manager at Swisscom Ventures Yariv Adan, Founding Partner at Future Fund Pepijn Rot, Investment Associate at Verve Ventures Jason Corkill, Founder & CEO at Rapidata Syang Zhou, Co-Founder & CTO at Calvin Risk
PANEL: Pioneering Robotics - Navigating the Journey from Research to Startup-Up Success Moderated by Max Vogt, Investment Analyst at Swisscom Ventures Panelists: Klea Wenger, Investment Director at Swisscom Ventures Prof. Dr. Stelian Coros, Associate Professor at ETH at the Department of Computer Science, Head of the Computational Robotics Lab Dr. Ryan Johns, CEO & Co-Founder of Gravis Robotics	**Flash Panel: AI INNOVATION & TRUST** Dr. Daniel Dobos, Research Director at Swisscom Dr. David Froelicher, Research Manager at Swisscom Dominik Temerowski, AI & Innovation Director at Swisscom Armin Ledergerber, VP Tribe Chief at Swisscom
Flash Panel: AI INNOVATION & TRUST Dr. Daniel Dobos, Research Director at Swisscom Dr. David Froelicher, Research Manager at Swisscom Dominik Temerowski, AI & Innovation Director at Swisscom Dr. Christoph Meier, VP Product Management at Swisscom	**How Google Cloud can support you Startup to scale with AI - a Startup Story with 44ai** Kira Brakhage, Startup Success Manager at Google Jannis Schönleber, CEO & Founder at 44ai AG
The "Back to the Future" Problem of LLM	**Transforming Finance: Scalable AI Solutions for Financial Institutions**

Stefan Klauser, CEO & Co-Founder at Aisot Technologies

Dr. Nino Antulov-Fantulin, Co-Founder & Head of

Pascal Hauri, Lead Data Scientist at Unique

Exploring the Frontiers of low-code/no-code Tools for Digital Health Software Development

Prof. Dr. Marcela Ruiz, Professor of Software Engineering at ZHAW

Ensuring AI Reliability and Performance: Innovations in Data and Model Health Checks

Pavol Bielik, CTO and Co-Founder at LatticeFlow AI

PANEL - Building AI-Driven Deep Tech Startups in Europe: From Research to Global Success

Moderated by Melanie Gabriel, Entrepreneur in Residence at ETH AI Center
Panelists:
Steven Jacobs, Partner at Lakestar
Nicolas Autret, Partner at Walden Catalyst Ventures

The AI Song Contest: Striking a Creative and Ethical Balance

Natasha Mangal, Legal Expert of the AI Song Contest Foundation

From Vision to Value: How to build a Scalable AI Operating Model

Andreas Blum, Data & AI Consulting Practice lead at Unit8

Turning Theory into Practice - How Real-World Constraints shape Product Engineering

Lukas Möller, VP of Engineering at DeepJudge
Timothy Sulzer, Founder Associate at DeepJudge

Multimodal Foundation Models in Oncology: from research to clinical impact

Robert Berke, CTO at Kaiko.ai

mimic: General Purpose Robotic Manipulation

Elvis Nava, CTO and Co-Founder at mimic robotics

On-demand Human Feedback and Annotation for AI

Mads Kuhlmann-Joergensen, CIO at Rapidata

Using AI to democratize expert ultrasound

Stefan Tuchschmid, PhD, CEO and Co-Founder at Scanvio Medical

Democratizing Data Analytics with GenAI and Knowledge Graphs

João Pedro Monteiro, CTO and Co-Founder at Veezoo
